# A MARKET LEADER IN SUNGLASSES FOR SPORT

---

Founded in 1888 in the French Jura region and surrounded by the great outdoors, we've always done everything we could to support all athletes in the development of their sporting achievements.

**A benchmark in the world of sun protection**, we've developed our eyewear expertise by introducing innovation after innovation, with the aim of constantly pushing the boundaries of sporting performance.

## **RXL**LAB

### GIVE YOUR CUSTOMERS A NEW VISION EXPERIENCE

---

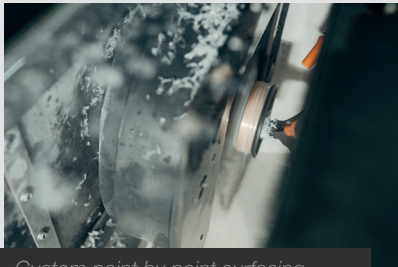

With our **new state-of-the-art laboratory dedicated to our prescription offering**, we adapt the best of our products to the needs of eyeglass wearers. With more than 30 frames available in bases 6 and 8 and a **wide choice** of unifocal and progressive lenses, everyone can now find the model best suited to their correction.

Deployed for all sporting practices, the **RXLab** gives every athlete the opportunity to have a new vision experience that combines **greater comfort, precision and performance**.

MADE IN  
FRANCE

# FULL CONTROL OF THE PRODUCTION CHAIN

We're one of the few eyewear manufacturers to have a **100% in-house laboratory (from surfacing to assembly)**, sited at our headquarters in the Jura in France. Fitted out with state-of-the-art equipment, we control the entire production chain to guarantee a **high level of quality and optimal production output**.

*Custom point by point surfacing*

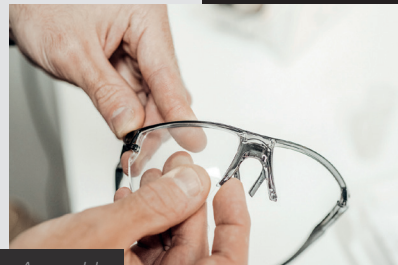

*Buffing*

*Blank treatments*

*Custom cutting*

*Assembly*

## LESS STRESS

### WITH OUR AFTER-SALES SERVICE

— **Based in France** for faster response times.

— **A dedicated sales contact** for day-to-day support.

— **A 3-month guarantee covering vision adaptation and ophthalmologist error.**

— **A large catalog of spare parts** to allow repair of frames even 5 years after a model has been discontinued.

— The quality of our lenses and frames is **guaranteed for 2 years** against manufacturing defects.

— For all technical questions, we put you in **direct contact with the laboratory technician or optician.**

# OUR OTHER VISION CORRECTION SOLUTIONS

## **RX**CLIP

Prescription sports eyewear in a clip

A complete range of sports performance sunglasses compatible with optical clips for easier optical correction. The clip has the advantage of being suitable for the different frames required by different sports thanks to the 3D Nose system. It can be easily used on ski goggles with the universal holder designed for this purpose.

## **RX**READY

Quick and easy vision correction directly at the optician's

Corrected to the customer's vision by the optician, the RX Ready solution is designed for outdoor activity. Base 6 frames compatible with a very wide corrective range. **They allow you to fit the lenses yourself in-store.**

## **OTG** GOGGLES

Eyeglasses integrated into ski goggles

With our *Over the Glasses* foam cut-out technology suitable for all types of temple, combined with our exclusive ventilation technologies, we offer a **wide range of compatible goggles for wearers of eyeglasses.**
