RACING

EQUIPE / DYORA

ENGINEERED FOR THE SPEED OBSESSED

EQUIPE R Bib Shorts S11 | DYORA R Bib Shorts S11

R products are part of the CORE collection within the ASSOS Racing Series.

WHO IT'S FOR

R products are part of the CORE collection within the ASSOS Racing Series.

BEHIND THE PRODUCT

Pure performance bib shorts for daily racing and training in hot conditions.

IN-SADDLE FEEL

Second-skin aerodynamics and a 360-degree "locked-in" sensation.

EQUIPE R S11 INSERT

DYORA R S11 INSERT

BENEFITS

COMFORT + COMPRESSION

The new Type.911 textile provides silky-smooth, muscle-mapped compression.

RACING UTILITY

The proprietary textile and locked-in stability of RS with a simplified construction.

9MM SHOCK-ABSORBING COMFORT

Race-tuned, shock-absorbing support with the latest free-floating goldenGate 2.0 construction.

EQUIPE R Jersey S11 | DYORA R Jersey S11

R products are part of the CORE collection within the ASSOS Racing Series.

WHO IT'S FOR

Speed-focused riders with a lean build looking for an aerodynamic, second-skin racingFit.

BEHIND THE PRODUCT

The pure performance jersey for daily racing and training in hot conditions.

BENEFITS

EXTREME COOLING

The AirCell textile's open structure combines ultrabreathability with cooling airflow and boosted moisture management.

ENGINEERED DURABILITY

Bonded Tec sleeve cuffs and zipper preserve aerodynamics and increase durability for daily use.

SECURE STORAGE

Plug-in grip supports and stabilizes the flap-secured Triple Ramp Pockets.

EQUIPE RSR Bib Shorts S11 | DYORA RSV Bib Shorts S11

RSR + RSV products are part of the PINNACLE collection within the ASSOS Racing Series.

WHO IT'S FOR

Speed-focused riders with a lean build looking for an aerodynamic, second-skin racingFit.

BEHIND THE PRODUCT

Superlative bib shorts for ultra-distance racing in the hottest conditions.

IN-SADDLE FEEL

Second-skin aerodynamics and a 360-degree full-compression feeling.

EQUIPE RSR S11 INSERT

DYORA RSV S11 INSERT

BENEFITS

TOTAL KOMPRESSOR

The new proprietary Type.959Kompressor woven textile is our most breathable, air-cooling, and compressive technology.

ELECTRIFIED GRIP

Silicone yarns woven directly into the fabric, providing frictionless grip that keeps paneling perfectly in place.

TWIN DAMPING COMFORT

Our most advanced 9mm race-tuned insert, engineered with 4mm added support beneath the ischial bones.

EQUIPE RSR Jersey S11 | DYORA RSV Jersey S11

RSR + RSV products are part of the PINNACLE collection within the ASSOS Racing Series.

WHO IT'S FOR

Speed-focused riders with a lean build looking for an aerodynamic, second-skin racingFit.

BEHIND THE PRODUCT

The lightest, most air-cooling, and most aerodynamic Racing Series jersey.

BENEFITS

ULTRA COOLING

Proprietary Hill Rombo is our lightest jersey textile. Its open structure maximizes extreme cooling breathability.

ULTRA AERO

Our most aerodynamic jersey, with zipperless construction + raw-cut and bonded sleeves to minimize drag.

SECURE STORAGE

Plug-in grip supports and stabilizes the flap-secured Triple Ramp Pockets.

ASSOS

ENDURANCE

MILLE / UMA

ENGINEERED FOR THE LONG-DISTANCE SEEKERS

MILLE GTS Bib Shorts S11

GTS products are part of the PREMIUM collection within the ASSOS Endurance Series.

WHO IT'S FOR

Dedicated riders with a more muscular build looking for a streamlined regularFit.

BEHIND THE PRODUCT

Bib shorts combining aerodynamics with long-distance comfort. Available in standard

IN-SADDLE FEEL

A sleeker, more compressive fit than standard GT, straddling the line between endurance and speed.

GTS S11 INSERT

BENEFITS

MUSCLE-WRAPPING COMPRESSION

Proprietary Volkano textile provides breathable, silky-smooth compression with a rich, matte black color.

STABILITY + COMFORT

External rollBar straps lock the shorts in place while the zeroPressure Waist wraps the body in supportive comfort.

13MM AIR-COOLING COMFORT

The dual-layer insert is fully upgraded for increased comfort and cooling airflow. The ultrasoft kukuPenthouse eliminates pressure.

MILLE GTS Jersey S11

GTS products are part of the PREMIUM collection within the ASSOS Endurance Series.

WHO IT'S FOR

Dedicated riders with a more muscular build looking for a streamlined regularFit.

BEHIND THE PRODUCT

The jersey that combines aerodynamics with long-distance comfort.

BENEFITS

LIGHTER + MORE BREATHABLE

A new textile pairing on the upper (Sens-AIR) and lower (Sens-SN) is 20% lighter, more breathable, and less restrictive.

ZERO-PRESSURE AERO

The zip-free stomach wraps in frictionless, ripple-free, highly elastic support, increasing comfort and aerodynamics.

FRICTIONLESS SILHOUETTE

Excess material removed with Louvre Tec technology to eliminate wrinkling across shoulders and chest.

MILLE GT Shell Jacket S11 | UMA GT Shell Jacket S11

GT products are part of the CORE collection within the ASSOS Endurance Series.

WHO IT'S FOR

Dedicated riders with a more muscular build looking for a streamlined regularFit.

BEHIND THE PRODUCT

A versatile water-repellent, windproof jacket engineered for year-round layering.

BENEFITS

ALL-WEATHER PROTECTION

The new Hurricane textile repels water and blocks wind while maintaining breathability.

FOUR-SEASON LAYERING

Elastic textiles and cuffs adapt to layering over summer jerseys and thermal, insulated layers alike.

REFLECTIVE DETAILING

Elements on the shoulders and lower back increase visibility in low-light conditions.

ASSOS

ADVENTURE

GTC / TACTICA

ENGINEERED FOR THE OFF-ROAD HUNTERS

TACTICA KIESKÄFER Bib Shorts T5 | TACTICA KIESKÄFER W Bib Shorts T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Performance-focused off-road riders who want a streamlined fit.

BEHIND THE PRODUCT

Adventure bib shorts for off-road touring and exploration on gravel and singletrack.

IN-SADDLE FEEL

Full-motion comfort with locked-in stability.

TACTICA T5 INSERT

TACTICA WOM T5 INSERT

BENEFITS

COMFORT + COMPRESSION

The new Type.911 textile provides silky-smooth, ultrabreathable compression with a rich, deep black color.

INTEGRATED STORAGE

Two triple-ramp thigh pockets securely stow ride essentials with easy access.

11MM CHATTER-ABSORBING COMFORT

Adventure-tuned support with off-road durability and the latest free-floating goldenGate 2.0 construction.

TACTICA Jersey T5 | TACTICA W Jersey T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Performance-focused off-road riders who want a streamlined fit.

BEHIND THE PRODUCT

The off-road jersey for racing and training in hot conditions.

BENEFITS

AIR-COOLING BREATHABILITY

A twin textile construction wraps the body in a breathable, highly elastic circular knit while an ultralight warp knit adds muscle support to the shoulders and sleeves.

FOLLOW YOUR MOTION DESIGN

The mobility-enhancing fit creates a streamlined silhouette that eliminates restriction in and out of the saddle.

EXPANDED STORAGE

Five flap-secured pockets provide additional storage for self-supported racing and training.

TACTICA Tech T-Shirt T5 | TACTICA W Tech T-Shirt T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Adventure-focused riders who want a streamlined fit.

BEHIND THE PRODUCT

The versatile jersey for touring and commuting.

BENEFITS

DRY + COOL

Blast is a circular knit engineered for fast-drying, highly breathable properties with odorControl and UPF 50+.

FOLLOW YOUR MOTION DESIGN

The mobility-enhancing fit creates a streamlined silhouette that eliminates restriction in and out of the saddle.

SADDLE TO SOCIAL

A simplified pocketless construction and tech-t design transitions from the bike to life on foot.

TACTICA LS Tech T-Shirt T5 | TACTICA W LS Tech T-Shirt T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Adventure-focused riders who want a streamlined fit.

BEHIND THE PRODUCT

The versatile jersey with extended coverage for touring and commuting.

BENEFITS

DRY + COOL

Blast is a circular knit engineered for fast-drying, highly breathable properties with odorControl and UPF 50+.

FOLLOW YOUR MOTION DESIGN

The mobility-enhancing fit creates a streamlined silhouette that eliminates restriction in and out of the saddle.

SADDLE TO SOCIAL

A simplified pocketless construction and tech-t design transitions from the bike to life on foot.

TACTICA STEINADLER Shell Jacket T5

TACTICA W STEINADLER Shell Jacket T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Performance-focused off-road riders who want a streamlined fit.

BEHIND THE PRODUCT

A lightweight jacket engineered for high-intensity riding in cool, wet, and variable conditions.

BENEFITS

TRAILPROOF + WEATHERPROOF

The robust Breaker textile provides windproof, water-repellent protection across the body.

ENHANCED BREATHABILITY

Lighter panels of Type.718 and Yubari increase breathability in targeted zones without compromising water-repency.

ULTRA-PACKABLE

The more streamlined, lighter construction compresses into a smaller bundle for low-volume storage.

TACTICA Shell Vest T5

TACTICA products are part of the ASSOS Off-Road Series.

WHO IT'S FOR

Performance-focused off-road riders who want a streamlined fit.

BEHIND THE PRODUCT

A lightweight, versatile vest for high-intensity riding in cool, wet, and variable conditions.

BENEFITS

TRAILPROOF + WEATHERPROOF

The robust Breaker textile provides windproof, water-repellent protection across the body, lined with Breath textile for increased breathability.

LIGHTWEIGHT + STREAMLINED

A rear panel of the new Sens-AIR warp-knit textile adds four-way stretch for body-wrapping elasticity.

ULTRA-PACKABLE

The more streamlined, lighter construction compresses into a smaller bundle for low-volume storage.
